Acoustics » Acoustic Ceiling Features

A compact (430mm/ 17-inch) acoustic pendant that delivers targeted sound absorption and defines intimate zones with a light, considered presence, providing visual continuity across space.

- ✓ Acoustic
- ✓ Bleach Cleanable
- ✓ Easy Clean
- ✓ Easy Install

Description	Alto strips the pendant back to pure acoustic function. A compact, suspended form is designed to bring softness, high-performance absorption, and spatial definition into quieter commercial environments. The drum body utilizes Helmholtz-inspired resonance to target low-bass and speech frequencies, ensuring conversation carries clearly while ambient noise recedes. Its focused scale makes Alto particularly effective in meeting booths, focused work zones, private offices, hospitality seating, and collaboration spaces where controlling reverberation is essential to both comfort and concentration. Suspended individually or repeated throughout a ceiling composition, Alto introduces a gentle visual rhythm without visual heaviness. The clean cylindrical form helps define zones within open interiors while maintaining a calm and restrained architectural language. Available across Zintra’s full colourway range, Alto offers designers’ total flexibility. It can operate quietly in the background or become part of an expressive, layered ceiling composition when paired with other Zintra Acoustic Lighting forms. Its simplicity allows for consistent acoustic performance across a project without adding unnecessary visual complexity. System includes: Pendant, Zintra Disc, ASKs 1.5m (5') & Cover Plate
-------------	---

How to Specify	1.Space Size 2. Pendant Size 3. Installation Method 4. Colour or Print
----------------	--

Composition	Zintra Acoustic Panel - 95% Polyester + 5% PLA 12mm (1/2") -Density 2.4 kg /m² 0.5 lb/ft
-------------	--

Sustainability	Zintra is made from 100% recyclable materials. • 60% post-consumer recycled content from PET bottles. • 35% pre-consumer recycled content from PET chips • 5% polylactic acid (PLA)
----------------	--

Acoustic Rating	NRC up to 1.90
-----------------	----------------

Supplied As	Pendant, Zintra Disc, ASKs 5' & Cover Plate
-------------	---

Assembly & Delivery	Ships assembled, ready for installation. Go to the Technical Documents and download the Installation Guide for more details.
---------------------	---

Suggested Installation	Go to Technical Documents and download the Installation Guide for more details.
------------------------	---

Care Instructions	Vacuum to remove dust. Dab Zintra with a damp clean cloth and mild solution of liquid detergent and warm water. Repeat using only clean water, then pat dry with a lint free cloth. For difficult stains, use a solution of household bleach (10% bleach / 90% water). To remove the bleach, repeat using a clean, water dampened cloth, then pat dry. Always test in an inconspicuous area first and if you don't see the expected results, contact us.
-------------------	---

Customisable	The Zintra Acoustic Solutions range is customisable to your project. Please get in touch with your local contact for details.
