Description

Experience the perfect synergy of acoustic excellence and visual elegance with Zintra Acoustic Panels, ideal for diverse applications in commercial, hospitality, and institutional projects.

Crafted from 100% recyclable materials, Zintra 12mm (1/2") panels boast exceptional sound absorption capabilities for walls, ceilings, and screens. Choose from a palette of 30 solid Colours and 4 Timber prints, ensuring effortless integration into any space.

With sustainability at its core, Zintra panels are crafted from 60% post-consumer recycled Zintra plastic bottles, 35% pre-consumer recycled Zintra chips, and 5% PLA polylactic acid, offering a budget-friendly sound solution.

Measuring at 2800mm (110") long, these join-free panels are perfect for floor-to-ceiling applications, enhancing both functionality and design. Easy to fabricate and install, Zintra Acoustic Panels ensure a seamless process, complemented by a pinnable surface for personalized customization.

Elevate productivity in work environments, enrich guest experiences in hospitality settings, and enhance comfort in institutional spaces with Zintra Acoustic Panels.

12mm (1/2")

Acoustic Panels

Fire Rating ASTM-E84 – Class A classification
AS ISO 9705 – 2003 – Group 1 classification
EN-13501 – B-s2-d0 classification

Assembly & Delivery Ships Flat Pack

Install using one of these four common techniques.

1. Direct to the substrate
2. Z-Clips
3. Stand Offs
4. Mechanical Fastener

Go to the Technical Documents and download the Installation Guide for more details.

Supplied As Flat packed

Suggested Installation Go to Technical Documents and download the Installation Guide for more details.

Fabrication Techniques Utility knife and CNC with oscillating knife.

How to Specify Select Zintra Color

Care Instructions Vacuum to remove dust.

Dab Zintra with a damp clean cloth and mild solution of liquid detergent and warm water. Repeat using only clean water, then pat dry with a lint free cloth.

For difficult stains, use a solution of household bleach (10% bleach / 90% water). To remove the bleach, repeat using a clean, water dampened cloth, then pat dry.

Always test in an inconspicuous area first and if you don't see the expected results, contact us.

Customisable The Zintra Acoustic Solutions range is customisable to your project. Please get in touch with your local contact for details.
