ORGANIC ETCH PANEL HERRINGBONE STRIPE

Acoustics » Acoustic Panels

Simple, tactile, and imperfectly perfect is how we describe our twelve Zintra Organic Etch designs. Introducing Herringbone Stripe, a unique herringbone pattern.

Description

Drawing inspiration from the craftsmanship of skilled artisans, Organic Etch effortlessly blends human creativity with the beauty of the natural world. Organic Etch panels not only enhance interior spaces with design and depth but also offer superior acoustics. Available in a diverse range of designs and choice of colours, each tells a story of simplicity, tactility, and imperfect perfection.

Herringbone Stripe: Combines columns and short parallel lines in a unique herringbone pattern. Each column features lines sloping in opposite directions, creating a visually dynamic design that adds movement and texture to walls.

Embrace imperfection and unlock the beauty of organic design. With a choice of 30 colours, lightweight and easy to cut Organic Etch is the perfect acoustic alternative to traditional commercial wallcoverings.
