BAFFLE SYSTEMS GORGE

Acoustic Baffles

Transform your space with Zintra Baffle System, Gorge design. Our high-performing baffles offer flexible and dynamic acoustic control, perfect for enhancing spacious environments

✓ **Acoustic**　　　✓ **Bleach Cleanable**　　　✓ **Easy Clean**

✓ **Easy Install**

Description

A modern solution for acoustic control, Zintra Baffles are a prefabricated, ceiling mounted system. Showcasing Zintra's flexible characteristics and offering superior acoustic control, Zintra Acoustic Baffles are an innovative replacement to traditional mineral fibre lay systems.

By exposing the ceiling, Zintra baffles create an open and airy atmosphere while efficiently mitigating noise levels.

Gorge

A free-form shape highlighted by an intricate cutout pattern at one end of the blade. This unique design adds character, making it an excellent choice for creating distinctive and visually engaging environments while enhancing acoustics.

Available in 11 designs

Bolt | Canyon | Gorge | Individual | Louvre | Ridge | Square | Swell | V-Fold | Wave

Combining a dynamic aesthetic appeal and acoustic performance these systems are supplied ready to install with minimum fuss. A great advantage of the vertical blades is the increased surface area that is presented to the room resulting in a greater absorption of sound compared to flat panels.

Zintra Baffles present a modern and budget-friendly solution for cultivating a tranquil and efficient workspace.

Choose from one of our 12 vibrant powdercoat colors (additional charge)
